Happy New Year

As always seems to be the case, as soon as we publish a schedule, there is some change. As a very popular option for the sun seekers attending Auction Week in the warm Arizona sun, the PNR-CCCA Party that coordinates with the week's events was reported by yours truly on the WRONG DAY! The event will be held on Tuesday, January 25th; see the following page for details. And remember to RSVP if you are planning to attend.

We did not hold a Board meeting in January as a combination of weather and a conflict with the National Annual Meeting. The first Wednesday in February will return to normal for the gathering. All members and guests are welcome to come.

We are still in the throes of nailing down our events calendar for 2022. If you have some ideas for events that would be new or revisiting a haunt, let one of the Managers to the left know. You are welcome to either suggest or suggest and lead an outing.

Arizona Car Week Party

Tuesday January 25th 4pm to 7pm

PNR CCCA welcomes the Desert Region CCCA

Kim Pierce and Kristy Ryan welcome you to the desert for this fun filled car week.

We started this in 2015 and it seems it has been alternating between the Ellisons and us since. This year it will be at our (Kim and Kristy's) new home in Paradise Valley. We are promised that the yard and pool will be done by then.

There will be friends from the Ferrari Club and the Porsche Club along with the Classics. Everyone is encouraged to drive their favorite car!

This has always been a well-attended and fun event; we hope you will join us again.

Heavy hors d'oeuvres will be served along with your favorite refreshments...soft drinks, beer, and wine.

Please RSVP to

kimapierce@comcast.net

Masks are not required but welcomed. Whatever you are comfortable with. There is not a mask mandate in Arizona.

Hope to see you here,

Kim and Kristy

In Other Business:

Al McEwan commented on a discussion that will be held at the National Meeting in January. This concerns both the Packard 160 inclusion into the CCCA and the topic of post-War 1948-1953 European Marques.

- Although the membership voted in favor of including the “lesser” Packards, Al made the point that it opens a can of worms as there are other marques that were of similar construction and price for whom the door would be open. More to come.
- It is noted that the European Classics did not change at all, depending on the car company, between the pre-1948 cars and those built from 1948 to 1953. It will be proposed that those identical European cars be included as Classics.

Member News:

Keenon Greenfield reported that we have remained remarkably constant in total membership and currently our roster shows 188 members with 55 paid up for 2022. William Howard had a gap year but has returned with enough passion to volunteer to serve as a manager of the club. Kim & Eric Hild and Tom & Patty Alberts are new members for 2022 and came to a Board meeting because they heard that the pizza was superb. We have a new member from New York, Skip Tetz, plus six more new member households from the PNR area (Jim Shutt and Leonard Altman of Seattle, Taylor Sawyer of Kenmore, Frank and Janet Mondarano of Mercer Island, Mike and Diane Barrett of Nooksack, and Rob Hughes of Woodinville). Welcome to all! A comment was made that events like the Exotics at Redmond Town Center really help show that our club is active, and they can see the cars that make our slice of the hobby very special. It is important to emphasize that one does not need to own a Classic to join the club.

Drivers' Education Opportunity

The LeMay collection at Marymount has released (mostly) their 2022 schedule. In it, you will find the dates for a popular event and one, in the opinion of this writer, is well worthwhile. The opportunity is to learn all about the production, design, and early days of the Ford Model T.

Learn how to drive this iconic automotive legend and take one for a spin around the Marymount grounds.
